

# CHAPTER 03

## SOLUTION SYSTEMS

FUNCTION	AREAS	SOLUTIONS RECOMMENDED BY VINH TUONG								PRODUCTS RECOMMENDED BY VINH TUONG												
		Thermal Insulation	Fire Proofing	Moisture Resistance	Exterior	Sound absorption	Sound insulation	Aesthetics	Reinforcement	CONCEALED CEILING GRIDS						EXPOSED CEILING GRIDS					DRYWALL	
										OMEGA	SERRA	TriFLEX	BASI	ALPHA	TIKA	EliteLINE	SmartLINE	SlimLINE	TopLINE	FineLINE	V-Wall	V-Shaft
Education	Classroom, auditorium hall																					
	Staffroom																					
	Common room																					
	Meeting room, Audio-visual room																					
	Laboratory																					
	Wet areas (rest room, canteen,...)																					
	Elevator, exit door																					
Administration	Office																					
	Meeting room																					
	Living area																					
	Bed room																					
	Wet areas (rest room, canteen,...)																					
	Elevator, exit door																					
	Conference room																					
Entertainment	Bowling area																					
	Fitness Center																					
	Swimming pool																					
	Stadium																					
	Community Center, Hall																					
	Museum, exhibition library																					
	Discotheque, Bar																					
	Fitting room																					
	Elevator, exit door																					
Wet areas (rest room, canteen,...)																						
Business	Stores																					
	Supermarket																					
	Shopping Malls																					
	Groceries store																					
	Wet areas (rest room, canteen,...)																					
	Elevator, exit door																					
Hotel, Restaurant	Hotel room																					
	Conference area																					
	Lounge area																					
	Dining area																					
	Rest area																					
	Kitchen area																					
	Wet areas (rest room, canteen,...)																					
	Elevator, exit door																					
Community	Living area																					
	Health care center																					
	Wet areas (rest room, canteen,...)																					
	Elevator, exit door residential property																					
Production	Manufacture area																					
	Office, meeting room																					
	Laboratory																					
	Warehouse																					
	Wet areas (rest room, canteen,...)																					
	Elevator, exit door
